1917

898: RECEIVING AND SENDING SETS.

Number.	Date.	From or To—	Subject.
271749	1/4	Boston	Radio auxiliary handkey--1/4 and 1/2 kw fwds prints.W
	To Bost--Assigns type numbers.3/2		To--Grants auth to manuf.1/12
			Bost-Forwards plans and photographs.W 2-27
			Bost-Fwds prints.W 3-21
271756	1/5	F.Lowenstein	Quenched gaps--fwds prints of nameplates.W
			To--Acknowledges with comment.1/9
271547	1-5	L W Austin	Fwds description by Ensign J L Allen, laboratory receiving set, with directions for its manufacture and for use, in receiving and measurment of intensity of signals.W
	To Yards Stations--Fwds copy of report.2/16		To Yards Stations--Fwds report containing suggestions for ship or station constrn of long wave receiving apparatus. 2/15
	To Fleets--Ditto.2/23		
	USS HUNTINGTON-returns cirgular letter misdirected. (Cross to 477-8) 3-27		
271533	12-19	Eurpoean Forces	Radio transmitting and receiving valve; fwds specifications.W
	To Sims--Submits new data. Re type numbers, etc., 2/19		To Wash--Directs fwd samples, etc of rec and transmitting sets.1/7
	European distance	Forces-reqt info on receiver fwds report.4/3	Wash - fwds copy of specifications 2/12 - W
			To S&A--Reqt shipt of vacuum tubes from Wash to European Force.2/18
271534	1/7	To E.J.Simon	Fwds quotation from letter re defects found in 1/2 KW panel radio transmitter, and photostat print of sketch.W
			E.J.Simon - 1/11 W
271741	1/7	To GE Co	Radio receiving device successful in eliminating atmospheric disturbances. Reqt information in connection with. W
272284	1/5	Marconi Co	5 kw quenched gap and condenser mountings. fwds prints.W
